DATA PRIVACY CONSENT

In compliance with the Data Privacy Act of 2012 (Republic Act No. 10173), I hereby voluntarily give my consent to the Dentistry student and the College of Dentistry to collect, record, use, store, and process my personal information and clinical records for educational and clinical purposes.

I understand that the information to be collected may include my personal details, medical history, dental history, clinical photographs, radiographs, diagnostic records, and treatment records necessary for my dental care and the fulfillment of the student's clinical requirements.

I acknowledge that:

1. My personal information and clinical records will be treated with strict confidentiality and will only be accessed by authorized Dentistry students, supervising faculty members, and authorized College personnel.

2. My information will be used solely for patient care, academic requirements, case documentation, evaluation, and other legitimate educational purposes.

3. Any photographs or radiographs used for academic presentations, case reports, or other academic activities will not disclose my identity unless I provide separate written consent.

4. Reasonable measures will be implemented to protect my personal information against unauthorized access, disclosure, alteration, or misuse. Records used for academic or educational purposes will be anonymized or de-identified whenever possible to protect my identity.

5. I understand that I may withdraw my consent at any time by submitting a written request, subject to legal, ethical, and institutional requirements related to the completion, retention, and maintenance of clinical records.

By signing below, I confirm that I have read and understood this consent form, that my questions have been answered satisfactorily, and that I voluntarily consent to the collection and processing of my personal and health information in accordance with the Data Privacy Act of 2012
